

# WEEK - VIII REPORT

---

## **Activity 4.3 - Submit the Functional Requirements & Data flow diagrams in GitHub**

As a part of Project Design Phase - 2, we were asked to make a Functional Requirement and Data Flow Diagram for the problem described, i.e, Web Phishing Detection. The submitted Functional Requirement and Data Flow Diagram contains the details as described in the template.

## **Activity 4.4 - Submit Technology Architecture in GitHub**

As a part of Project Design Phase - 2, we were asked to make a Technology Architecture for the problem described, i.e, Web Phishing Detection. The submitted Technology Architecture contains the details as described in the template.

## **Activity 4.5 - Attend the training and Attempt the Quiz-4**

All the members including the leader attended the class and practiced the exercise along with them and completed Quiz - 4.
